REPORT FROM JANUARY 1991

We the committee had a meeting with Glasgow Central M.P. Mike Watson on Friday 25th January. Mike says he will support the group and the work it does in helping the victims of Asbestos Related Diseases also he will help with problems we have with the D.S.S. It was a good meeting Mike took out his affiliation.

Doctor Michael Kelly wrote us to apologise about the meeting at Glasgow University Department of Community medicine as the weather was against all for travelling, he sent the group word that he will arrange another time for a further meeting with the students on Asbestos subject.

We had a meeting with Maggie Barrie at the shop and she is running a story on one of our victims. Maggie works for the Evening Times. She asked the committee for some advice and guidance on reporting the Asbestos problems but said her interview with females of group who suffer from Asbestosis went well.

The committee have carried out many house visits to victims not able to come to shop. Also, Hospital visits and unfortunately have paid respects at victims funerals.
